

Avionics Technician Installer

Rotorcraft Support, Inc. is a leading helicopter service center in Southern California. RSI is a dynamic and exciting environment on the cutting edge of helicopter expertise. RSI is a lively and fast paced site and we are looking for team members to contribute their talent and enthusiasm and advance our general aviation success. RSI offers very competitive salaries and comprehensive benefits, including employer paid health, dental and life insurance. RSI also offers a 401k with guaranteed matching funds and generous paid vacation and sick benefits.

We are currently looking to fill the following position:

Avionics Technician Installer:

This individual will help repair and maintain components used for helicopter navigation and radio communications, traffic avoidance systems, data link, weather radar systems, and other instruments and computers that control flight, engine, and other primary functions. Additional licenses are preferred, such as a radiotelephone license issued by the U.S. Federal Communications Commission (FCC). An A&P certificate is a plus, but is not required. RSI seeks a self-motivated individual capable of handling multiple projects. Some travel may be required.

Prior experience required:

- Assembly, installation, repair or replacement of helicopter electrical/electronic components and systems.
- Full operational checks of complete helicopter electrical/electronic systems to verify proper functioning of components.
- Troubleshooting and analytical diagnosis of malfunctioning components and systems leading to adjustments, repairs or replacement to successful resolution.
- Installation of electrical harness and sub-assemblies in helicopters with:
 - Proper identification of wire and coax cables
 - Clamping, bundling, mounting, routing, stripping, splicing, soldering, termination and assisting equipment installation as needed.
 - Perform WEE Tester connection, operational tests and repair of discrepancies.
- Familiarity with design, layout, installation and troubleshooting of avionic associated with EMS, ENG and Airborne Law Enforcement helicopters.

Rotorcraft Support, Inc. is located in Los Angeles at the Van Nuys Airport. We offer complete helicopter support services including Sales, Inspections, Repairs, Avionics, NDT, Structures, Paint, Component Overhaul, Exchanges and Warranties. We are a Factory Authorized Service Center for Bell Helicopters, Airbus Helicopters, Agusta, MD Helicopters, Robinson and

Enstrom. We have provided superior service to the aviation industry since 1986. We take pride in our ongoing commitment to safety, reliability, and excellence.

Please send your resume and salary requirements by email to hr@rotorcrafternsupport.com, or by Fax to (818)474-7154.

Employment is conditioned on satisfactory passing and participation in a mandatory FAA/DOT alcohol and drug screening and testing program.

We are an equal opportunity employer. All qualified applicants will receive consideration for employment without regard to race, color, creed, gender, religion, marital status, registered domestic partner status, age, national origin or ancestry, physical or mental disability, medical condition including genetic characteristics, sexual orientation, or any other consideration made unlawful by federal, state, or local laws.
