

HELICOPTER STRUCTURAL MECHANIC

Rotorcraft Support, Inc. is a helicopter maintenance facility located at the Van Nuys Airport in Van Nuys, California. We provide an entire array of support services, including sales, inspections, repair, upgrades, component overhaul, exchanges and warranties. We are a Factory Authorized Service Center for Bell Helicopters, Airbus, MD Helicopters, Robinson, and Agusta. We have provided superior service to the aviation industry since 1986. We take pride in our ongoing commitment to safety, reliability and excellence.

Education and/or Experience:

We are a Bell helicopter service center looking for motivated structural mechanics with sheet metal experience. We are looking for an individual with a minimum of 10+ years experience in structural rebuilds and repairs of damaged airframes and sheet metal composite, utilizing our certified Bell fixtures. Prior Bell fixture experience is a must. The mechanic must be able to read and understand installation instructions and structural repair manuals. The mechanic must also be able to work well with or without direction. Prior production, manufacturing, and repair service center is a plus. This position is for a permanent full-time mechanic.

Essential Duties and Responsibilities:

The mechanic will be performing aircraft sheet metal repairs and structural replacement and some modification work. The mechanic must be able to read, understand, and apply blueprints and basic sheet metal repair criteria. They should be proficient at working with or without established blueprints to drill, bending of metals, riveting, dimple, file, grind, trim, countersink, install aircraft structural assemblies and subassemblies. The mechanic must have basic sheet tools.

He or she will be expected to be proficient at repair or fabrication of defective sections or parts, using metal fabricating machines, saws, brakes, shears, and grinders.

We offer competitive salaries, medical and dental insurance, 401k with company matching funds, paid vacation and sick leave. **Employment is conditioned on satisfactory passing and participation in a mandatory FAA/DOT alcohol and drug screening and testing program.**

We are an equal opportunity employer. All qualified applicants will receive consideration for employment without regard to race, color, religion, sex or national origin.
